

The Healthy Greater Christchurch Advisory Group met on 28 November 2018.

### Key points from the meeting

- Healthy Greater Christchurch has facilitated engagement with the Greater Christchurch Partnership's 'Our Space' Strategy. We will report back to participants about our analysis of the feedback received at our Integrated Planning workshop. We are happy to support signatories to prepare for participating in the hearings when they take place in February 2019.
- Planning is beginning for the 2019 Healthy Greater Christchurch hui. One part of this will be to officially launch the new name—Waka Toa Ora.

### Who is a part of the Advisory Group?

The Advisory Group is made up of participants similar to those who participated on the Interim Group. Participants may change as the Advisory Group becomes clearer about what it needs to do. Current participating organisations include:

- Christchurch City Council – Paul Cottam
- Community & Public Health – Sandy Brinsdon, Gail McLauchlan, and Sara Epperson
- Environment Canterbury – Sam Bellamy and Clare Pattison
- Greater Christchurch Partnership – Nadja Grabner-Thornley
- Ministry of Social Development (MSD) – Marie Ward
- NGO signatories – Sharon Torstonson (SEWN), Lottie Vinson (CWEA), and Kathy Duncan (OVTRK)
- Selwyn District Council – Denise Kidd
- Mana Whenua ki Waitaha – Wendy Dallas-Katoa
- Waimakariri District Council – Tessa Sturley

### Why Healthy Greater Christchurch?

The [Greater Christchurch Partnership](#) identified Healthy Christchurch as a lead for the 'Health & Communities' stream of the [Urban Development Strategy](#), along with the Selwyn and Waimakariri District Councils. A working group convened and decided to formally expand Healthy Christchurch to Healthy (Greater) Christchurch.

The group has developed a high-level work programme and will continue to engage with signatories as this progresses. The initiative will continue to lead new projects, be a vehicle for communication and consultation with communities, and provide a mechanism to be voice at decision making tables around the region.
